## SONG 1

### *Don't Trust a Cheetah*

Don't trust a Cheetah  
With your Ryvita  
Or I will nick it  
and I'll stick it up my nose  
With just one packet  
I'll make a racket  
And then I'll crunch it into crumbles  
with my toes.  
Where Cheetah's come from  
We're all so numb from  
The boring jungle food,  
we splat it on the wall  
But for a biscuit  
I like to risk it  
Because all Cheetah's love Ryvitas most of all  
You mustn't pet me  
You mustn't let me  
In the cupboard  
where you keep your biscuit store  
'Cos if you do it,  
I'll just get through it, crunch, crunch, crunch  
And you'll find that you are hungry ever more.

watch your child shine

## SONG 2

### *Jungle Rumble*

Can you hear it in the jungle?  
That Jungle Beat.  
Careful not to make a bungle  
Or you'll be dead meat.  
There's lions and tigers,  
And Cheetahs too.  
If you move a muscle,  
They'll be coming after you.  
Jungle Rumble Jungle Rumble,  
Take a tumble if you dare.  
There are snakes and hairy spiders  
So you better all beware.  
Jungle Rumble Jungle Rumble,  
Now don't fumble with your feet,  
Just keep both ears to the ground  
and you will hear that Jungle Rumble Beat  
When you're goin' on a rumble  
You need a friend  
Because if you even stumble  
It could be your end.  
There's venus fly traps,  
And poisonous flowers.  
If you gonna make it,  
Baby you'll need all your powers.

## POEM 1

### *Banana Pie Rap*

Way down South down Jungle way  
The monkeys are having a baking day  
They're gonna bake a pie so fine and so sweet  
But the smallest little monkey will not eat.  
I don't like Banana Pie (small squeaky voiced monkey)  
You don't like Banana Pie (large booming daddy monkey)  
I don't like Banana Pie (small squeaky voiced monkey)  
Why? Why? Why? (large booming daddy monkey)
