

Perform *Challenge Awards*

Challenge assessments last approximately 3–6 minutes. Please arrive at least 10 minutes before your allotted time. Your child will work on the songs and poems during the workshops but please note it is the parent's responsibility to ensure children are completely prepared for the assessment and that any additional tasks have been completed at home. If your child has not reached the required standard, they may be awarded a lower level of Challenge Award. Certificates will be awarded on the last session of term. If your child does not attend this session, it will be posted to you after this date. For more information, please call **0845 400 4000**.
